THERE WILL BE NEGATIVE MARKING FOR WRONG ANSWERS MARKED BY A CANDIDATE IN THE OBJECTIVE TYPE QUESTION PAPERS.

(i) There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.

(ii) If a candidate gives more than one answer, it will be treated as a wrong answer even if one of the given answers happens to be correct and there will be same penalty as above to the question.

(iii) If a question is left blank, i.e., no answer is given by the candidate, there will be no penalty for that question.
General English

Section A – Multiple Choice Questions

Read the passage carefully and choose the correct answer for the questions given below:

The “who’s who” of universities and research institutions published by the Human Resource Development Ministry, as the National Institutional Ranking Framework, 2018, should be viewed mainly as a proposition that data makes it possible to assign objective credentials to some aspects of education. Its assessment of some of the top institutions such as the Indian Institute of Science, the Jawaharlal Nehru University, the IIT’s and the IIM’s is unsurprising, given their record of research, peer-reviewed publications and outcomes for graduates. Even among the 3,954 institutions that participated, there is a clear skew towards southern, southeastern and western India. Participation levels are inadequate: there were 40,026 colleges and 11,669 standalone institutions according to the HRD Ministry’s All India Survey on Higher Education for 2016-17.

To the faculty and students in many colleges, what matters is the vision of the administrative leaders and a commitment to excellence. The government bodies should make available adequate financial and academic resources to college, particularly the younger ones, to help them improve performance. These are measured by the NIRF in terms of the percentage of faculty with doctoral degrees, papers published in credentialed journals, inclusivity and diversity of students, and median salaries for the graduates.

1) What does the author means when he refers to the universities and institutions as “Who’s Who”?
   A) He is trying to understand ‘Who’ the list prepared by NIRF consists of
   B) He is referring to the top institutions among all institutions mentioned in the list prepared by NIRF
